

SPIT GUARD PRO

Using a new refined mesh fabric, the Spit Guard Pro protects against spitting and the associated harm from contagious diseases.

MODEL - DCM-200

FEATURES

- Constructed using a black or ivory mesh for improved visibility and a natural look
- Medically certified
- High safety standards
- Clearer vision for the wearer and officer in charge
- Quick and easy to apply
- Cannot be removed or tampered with by the wearer
- Designed to ensure the mouth and airway remain clear, avoiding asphyxiation through possible ingest of fluids or solids
- Expelled liquids or materials are contained safely within the mask, away from the face
- Ideal for easy removal and hygienic disposal
