ABOUT US

Defence Composites Ltd was incorporated in 2000 and has for over 20 years been introducing a succession of evolutionary and revolutionary products and concepts.

Design and development has been based on the long term defence and manufacturing experience of its founder Craig Mills.

Experience that dates back over 35 years and involves a period as Body Armour Adviser to the NATO Soldier Modernisation Program, and the supply of standard and specialised body armour products to the UK Ministry of Defence and Defence Organisations around the world.

Defence Composites has combined innovative and unique production methods with state of the art materials technology to become one of the leading producers of specialised stab and ballistic personal protection. We can offer comprehensive technical and commercial product support for the UK and export market.

Our consolidated in-house manufacturing facility produces all types of armour and armour products in one factory. DC have built a manufacturing system and facility that allows the complementary and simultaneous production of different types of hard and soft body armour materials and products.

OUR PRODUCTS

Defence Composites Ltd manufacture all their protective armour products in accordance to international standards.

We use independent accredited test facilities to regularly test our products to maintain the very latest standards and protection required by our customers.

All our products are manufactured in the UK to the ISO9001:2015 and ISO14001:2015 Quality Management Standard.

OUR PASSION AS A COMPANY FOR THE WHOLE PROCESS OF DESIGN, DEVELOPMENT AND INTO MANUFACTURE IS WHAT DRIVES THE BUSINESS FORWARD.

PRODUCT CODE - DC2002

PROTECTION LEVEL - PANELS ONLY

- Model - DC-PC05
- Tested and conforms to UK and International standards
- HO standard Knife Resistance KR1
- NIJ standard 0115.00 Level 1
- Blunt trauma protection
- Hypodermic needle protection

INNER PANEL MATERIAL

- Moulded 5mm modified polycarbonate panels
- Impact protection foam
- Water resistant PU cover

OUTER CARRIER COVERS

- Available in OVERT style cover
- 2 front pleat pockets
- Velcro patches front and back for badges
- Cordura® nylon outer material
- Spacer mesh ventilation lining or temperature regulating Outlast® lining
- Double Velcro or low-profile close shoulder straps
- Adjustable waist side straps
- YKK front opening zip
- Radio loops
- 2 x klick fast radio docks

CE marked to PPE Regulation (EU) 2016/425

SIZES

- S – 6XL
