- Puncture Resistance - Level 2.

Sizes

- XS/7, S/8, M/9, L/10, XL/11, XXL/12, XXXL/13.

GLOVE CARE AND MAINTENANCE

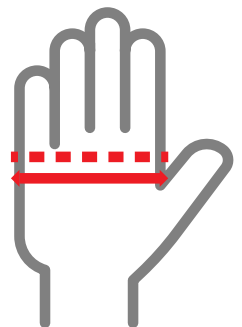

Gloves that are deemed non-repairable are to be disposed of when damaged. Gloves do not require the use of specialist solvent-based products for cleaning or maintenance and these should not be used under any circumstances. The design and materials used ensure that the user can maintain the gloves in hygienic condition. For best results follow this procedure:

- Sponge clean.
- Hang to dry away from direct sunlight or heat.
- Clean gloves before they become too soiled.
- A sponge not a stiff brush is recommended to be used for ingrained grime.
